Index of Authors Included in the Forty-ninth Bibliography

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I). Thus, Ali Cohen, M.L.A.S., X(2) means that a paper by Ali Cohen is listed under tenth century, second half.

The Arabic figures refer to the historical and to the systematic classification (Parts II and III) which are subdivided in sections numbered consecutively from 1 to 60. For instance, Arkell, A.J., 9 indicates that a paper by Arkell is listed in section 9 (India); Auerbach, F., 18, indicates that a paper by Auerbach is listed in section 18 (Philosophy of science).

Index of Authors Included in the Fiftieth Bibliography

The Roman figures followed by (1) or (2) refer to the centurial classification (Part I). Thus, Alberti, L. B., XV(1) means that a paper by Alberti, L. B. is listed under fifteenth century, first half.

The Arabic figures refer to the historical and to the systematic classifications (Parts II and III) which are subdivided into sections numbered consecutively from 1 to 60. For instance, Cornwall, E.E., 4, indicates that a paper by Cornwall is listed in section 4 (Greece), and Bell, E. T., 20, indicates that a paper by Bell is listed in section 20 (Mathematics).

Index of Authors to Volumes XXV, XXVI and XXVII

Indices to *Isis* have appeared in Vol. I and in subsequent volumes of which the ordinal number is divisible by three. We would advise readers to put some mark (e.g. the word index) on the backs of the volume containing an index.

Special pains have been taken to include in this index, as in the previous one, the names of every person whom some information may be found. Casual references have been omitted. LÉON GUINET.
